

CONFEREES AGREE ON ARMY DRAFT BILL

Decide Men Between Ages of 21 and 31 Will Form Great War Army

EXPECT APPROVAL SOON

Throw Out Authorization for Recruiting Col. Roosevelt's Proposed Volunteers

RULES ON EXEMPTIONS

WASHINGTON, May 10.—The long deadlock of senate and house conferees on the selective draft military bill was broken today with agreement on a compromise measure under which a great war army would be raised by selective conscription of men between the ages of 21 and 31.

Throw Out Roosevelt Plan. Authorization for recruiting Colonel Roosevelt's proposed volunteer division for service in France written into the bill by the senate and defended stubbornly by the senate conferees finally was thrown out on the insistence of committee men representing the house. In return the house yielded to the senate's proposal for prohibition at military posts.

The conference report is expected to be given approval by both senate and house in a few days and within two weeks after the president has affixed his signature registration of those eligible for conscription will be under way throughout the country.

Applicable to Voters Under 31

Some states have already selected their registration boards and the war department has erected a vast and intricate war machine for assigning and organizing the conscripts. They will be assembled at training camps in September. The compromise bill is understood to be generally satisfactory to the administration and to the army general staff. The most important change made in congress was in the age limits fixed by the staff at 19 and 25 inclusive. The senate made them 21 and 27 and the house 21 and 40. The ages named in the conference agreement are 21 and 30, inclusive, making the draft applicable to all male voters under 31.

Altho there has been no direct authoritative expression from the white house regarding the Roosevelt volunteer proposal, administration opposition to it has been inferred from the fact that no provision for volunteers was contained in the bill as sent to congress from the war department. With the Roosevelt proposal the conferees also threw out a senate amendment under which three regiments of volunteers could have been enlisted for service on the Mexican border.

The section dealing with exemptions from draft was re-written in part by the conferees and provision was made for hearings in exemption applications before local civil tribunals with the right of appeal to a second tribunal and finally to the president.

Two Refuse to Sign

Two of the house conferees refused to sign the conference report. Representative Anthony of Kansas would not accept it because the Roosevelt amendment was stricken out. Representative Kahn of California would not agree to the prohibition amendment, contending it reflected on the moral standards of the nation and that regulatory provision should be left to the president.

The prohibition amendment excludes liquor, beer and wines from military camps, but does not forbid selling or giving these beverages to soldiers, except when in uniform.

Since the age limits of the agreement are a compromise from the extremes of the two bills this part of the report is not looked upon as a stumbling block to early agreement.

The conferees put into the bill an amendment giving the president power to organize and equip for each infantry and cavalry brigade three machine gun companies and for each division of these services, four machine gun companies in addition to those comprised in each organization of these units.

He also was given authority to organize one armored motor car machine gun company for each division. Exemptions from the selective draft were virtually left as originally suggested by the general staff. Those absolutely exempt include officers of the United States and any state or territory; ministers, students of recognized divinity schools, "whose existing creed" forbids participation in war.

The last class are not exempt from non-combatant service. In addition, the president is authorized to exclude or discharge from draft the following:

Authorize Exemptions

County and municipal officers, custom house clerks, postal employees, workmen in navy yards or arsenals or armories; others in the federal government's employ whom

PAPER PUBLISHERS TO PROTEST AGAINST TAX

Head of Publishers' Association Makes Announcement

Rogers Asserts Provisions of Proposed Bill Are Unjust and Indefensible and Will Cause Discontinuance of Publication of Many Newspapers.

Chicago, May 10.—Many newspaper publishers are now on the way to Washington to attempt to procure fair treatment for their business under the proposed war tax, it was announced tonight by Hopewell L. Rogers, president of the American Newspaper Publishers' association. Mr. Rogers said the publishers would co-operate with E. H. Baker, chairman of the legislation committee of the association. In connection with the proposed increase in postage, President Rogers made the following statement:

Policy Difficult to Understand. "It is difficult to understand the policy of the government, not only in the uniform, but also in putting so great a tax on business in any form and particularly in placing so heavy a tax on the newspaper business which has probably been more severely affected in the last year than increased prices than any other industry. In time of war they suffer particularly owing to the enormously increased expenses due to the gathering of war news and the increased circulation for increased circulation means increased expenses."

"In the last year most of the newspapers in the country have been compelled to increase the subscription price of their papers, as well as their advertising rates, in an attempt to obtain earnings sufficient to carry on their business. Newspapers in normal times seldom increase their advertising rates fast enough to keep up with the increased cost of increased circulation, and the last year has seen most papers facing a severe financial crisis."

Will Force Many to Close

"In spite of these facts the new revenue bill proposes an increase in postal rates which are particularly unfair as to the first zones, a tax of 10 per cent on print paper imported and, I understand a tax on advertising receipts—anyone of which would alone wipe out all the profits of most newspapers even in normal times and at such times as these will tend to cause the discontinuance of publication of many newspapers and force out of employment many men specially trained for this work and whose value in other lines is particularly small."

"The newspapers fully realize the seriousness of the present situation and appreciate that they must bear their share of the burden, but the provisions of this proposed bill seem more severe on newspapers than on any other line of business and are to this extent unjust and indefensible."

MAY MAKE HOOVER FOOD CONTROLLER

Suggestions Given Weight by Indication That Government Plans to Create Emergency Food Organization.

Washington, May 10.—Suggestions that Herbert C. Hoover, may be made American food controller were given weight today by definite indications that the administration plans creation of an emergency food organization to direct food distribution during the war.

President Wilson went over the food situation fully at a conference with Secretary Houston, Chairman Lever of the house agricultural committee and Representative Haugen of Iowa, a Republican member of the committee. He urged immediate passage of the administration's food bills, one of which would empower the president through some government agency to take drastic measures to deal with the food situation.

The emergency organization would be formed to last only through the war, ceasing operation with the re-establishment of normal conditions. It would follow the lines suggested for such an agency by Mr. Hoover after a study of similar organizations in the allied countries. The senate agriculture sub-committee agreed today on provisions of a food control bill to be introduced tomorrow by Senator Gore. It is familiar in most respects to the first of the food bills offered in the house by Mr. Lever.

Secretary Houston in a statement today declared early passage of the bills essential to successful conduct of the war.

ASSERTS FAVORITISM VIRTUALLY IMPOSSIBLE

WASHINGTON, May 10.—To dispose of any fear that country and city registration boards will exercise favoritism in enrolling soldiers under the selective draft, Provost Marshal General Crowder issued a statement tonight declaring such practices would be virtually impossible because of the explicit terms in which the act is drawn. He warned registration officials that favoritism easily could be detected and would be punished with heavy penalties.

EXAMINE FINAL CANDIDATES

Chicago, May 10.—Examination of the final candidates for admission to the four army officers training camps in the Central Department was begun today with the formal opening of the camps but five days away. Officers at the department headquarters asserted that every effort would be made to obtain mature aspirants for the reserve commissions in the remaining days.

COMPERS ANSWERS PEACE ADVOCATES

WASHINGTON, May 10.—President Samuel Compers of the American Federation of Labor sent the following today to a request from a group of peace advocates for use of his name on a call for a peace conference:

"I prefer not to ally myself with the conscious or unconscious agents of the Kaiser in America."

The invitation was signed by Emily Balch, Louis Lochner, Joseph Cannon, Morris Hillquit and Judah Magnes.

It proposed calling "the First American conference for democracy and terms of peace" to be held in New York.

SCORES OBJECT TO SECTIONS OF TAX BILL

Measure Comes Up in House With Leaders Behind It

Democratic Leader Kitchin States That While Some Items Seem Unjust and Excessive the Only Answer is That "The Government Needs the Money."

Washington, May 10.—The \$1,500,000,000 tax bill carrying wartime assessments on a multitude of everyday necessities and luxuries, was taken up in the house today with leaders of both parties behind it, but with scores of members objecting vigorously to individual sections. Democratic Leader Kitchin in a four hour speech urged prompt passage, said that while some items seemed unjust and excessive when considered separately the only answer was that "the government needs the money."

Willing to Swallow Convictions. For his part, he said, he was willing to swallow his life long tariff convictions in the emergency and support the bill's high tariff section.

"I am going to shut my eyes and vote for it," said Mr. Kitchin.

The debate developed a dearth of expert information on the question on just what is provided by the involved legal language of the measure. Throughout the day there was a rapid fire of questions from both sides.

Mr. Kitchin said the bill would raise more additional taxes than any that has ever been presented to any legislative body in the history of the world, and that more tax burdens might follow.

Defends Bill's Proposal

Defending the bill's proposal to advance postal rates, Mr. Kitchin declared it costs the government \$100,000,000 a year to carry and handle second class matter, and it gets back only \$11,000,000. The proposed increase he said will bring in \$31,000,000. Representative Chandler of New York opposed the increase declaring a number of magazines would be put out of business. Representative Reavis of Nebraska interrupted Mr. Kitchin with several questions about the income tax schedules, and finally launched into a general attack on the section because the levy on big incomes was not made greater.

Mr. Kitchin replied that the committee did not go over 50 per cent in taxing incomes, because "if we tax these men of wealth exorbitantly in their industry income they no doubt would put money into the rural credit bonds and get four per cent and not pay the government any war tax."

General debate on the bill probably will be closed Friday and the leaders hope for passage early next week.

FIRE DAMAGES NEW YORK CITY HALL

NEW YORK, May 10.—New York City Hall, built more than 100 years ago, constructed mostly of marble and considered architecturally one of the most beautiful buildings in the country, was threatened with destruction today. Flames broke out in its wooden clock tower but after an hour's work by the firemen, were under control.

Only a shell of the clock tower remains and the clock was destroyed. The Statue of Justice which surmounted the tower, still stands, however.

Many priceless relics and paintings of historical significance were saved by prompt efforts of firemen, policemen and volunteers.

The fire was due to the carelessness of a workman, according to a statement made by Fire Commissioner Adamson tonight. An investigation had established the commission said that a man doing some repair work had left unattended a charcoal furnace near the cupola. The loss is estimated at \$25,000.

DEMAND ARGENTINE GOVERNMENT TO ACT

BUENOS AIRES, May 10.—Buenos Aires newspapers declare that the government has positive information that the Argentine sailing ship Oriana has been sunk by a German submarine. The papers say that the incident is graver than the sinking of the Monte Protégido and demand that the government act.

It was reported in Buenos Aires on April 11 that the Oriana had been sunk by a German submarine off the coast of Brazil. A later report placed the scene of the loss of the ship in the Mediterranean. The Monte Protégido was sunk in April in European waters. The incident caused great excitement in Buenos Aires where popular demonstrations against Germany took place. In response to a note demanding satisfaction the German Government offered reparations and the incident was declared closed.

ALLIED MACEDONIAN OFFENSIVE BEGINS

Numerous Big Battles in Progress from Lake Orchrida to Lake Doiran

BRITISH TAKE TRENCHES

Russians Capture Several Enemy Trenches in the Famous Cerna River Bend

GERMANS HARD HELD

The expected general offensive along the Macedonian fronts apparently has been started with full vigor. From Lake Ochrida eastward to the region about Lake Doiran numerous big battles are in progress with the entente allies the aggressors.

Take Bulgarian Trenches

Southwest of Lake Doiran the British have captured Bulgarian trenches at one point on a front of two miles to a depth of about 500 yards and held and consolidated the ground gained, despite heavy counterattacks. Northwest of Monastir, in the Cerna river region and on various other sectors, the entente forces are carrying out heavy operations both with artillery and infantry. In the famous Cerna river bend the Russians have captured several enemy trenches, while in the upper valley of the Morzhenia river the Serbians have struck hard at the invaders of their country and taken from them two points of support and a number of prisoners.

The Germans are keeping up with great intensity their offensive against the British around Fresnoy and to the east of Bullecourt, but are being held by Field Marshal Haig's forces. The village of Fresnoy apparently remains in the hands of the Germans after its recapture Tuesday but the Canadians and South Englishers are still holding vantage points around it from which the Germans are endeavoring to expel them and put an end to their harassing fire.

Strive to Push British Back

To the east of Bullecourt, where the British have established themselves, a scant two miles from the outskirts of Quant, the Germans are striving hard to push back the British to prevent the capture of the southern end of the Drocourt-Queant line, which would prove a great menace to the important town of Cambrai. The viciousness of the battle is indicated by the German official communication which announces that the fight for the village is of fluctuating nature.

The British evidently have pushed a step forward toward the capture of the town of Lens and the important coal fields in its immediate vicinity. South of the Souchez river during a night attack, another portion of the German front and support lines, together with a number of prisoners was captured. For the most part the line where the French are facing the Germans is undergoing a period of comparative calm except for artillery duels and small German counterattacks, none of the latter meeting with success.

Put German Washups to Flight

British light cruisers and torpedo boat destroyers have put to flight in the North Sea eleven German destroyers forcing them to hurriedly seek refuge in Zebrugge, Belgium. Several of the Germans are declared to have been hit by shells while one man on board a British ship was slightly wounded.

Announcement is made in a German official communication that as a reprisal for the placing of a German general and fifteen German staff officers on a French hospital ship, the Germans have placed in jeopardy in western towns, which are subject to aerial attack, three French generals and forty five French staff officers.

In connection with the waning sinking of hospital ships by German submarines the house of commons has been informed that two additional ships of this class have recently been sent to the bottom.

AUSTRIANS BEAR PEACE PROPOSALS

LONDON, May 10.—The Amsterdam correspondent of the Exchange Telegraph company wires that he has learned from the best of sources that three prominent Austrian politicians are about to leave for Switzerland bearing peace proposals and that they hope to be given safe conduct to France in order to discuss with the French cabinet the possibility of peace.

FORMER SENATOR

Cincinnati, O., May 10.—Joseph Benson Foraker, former United States senator from Ohio, lawyer, orator, soldier and citizen, died at his home here today, aged 70 years. Former Senator Foraker had been in poor health since his retirement from the senate in 1909 but it was not until two weeks ago that he was forced to his bed and his condition was not considered critical until last night.

DEFENSE OPENS IN TRIAL OF RINTELEN

NEW YORK, May 10.—With witnesses called in behalf of David Lintell, the defense opened today in the trial here of Captain Franz Rintelen, of the German navy, and five others charged with conspiring to disrupt the munition trade of the entente allies in this country in 1915 by fomenting strikes. The number of defendants was reduced from eight to seven thru dismissal by the court of the indictment against Frank S. Monett, former attorney general of Ohio. Judge Cushman ruled that the government which claimed its case yesterday had not offered sufficient evidence to link Mr. Monett with the alleged conspiracy.

JOFFRE PLACES WREATH ON GEN. GRANT'S TOMB

Three Dramatic Events Mark Activities of French Mission

Viviani Declares France Will Never Stop Fighting Until Peace and Lorraine are Restored to Her—Held Reception at Library.

New York, May 10.—Three dramatic events which will become historic in the annals of New York marked the activities of the French war mission here today. In their chronological order they were:

Viviani Speaks at Luncheon

The address of Rene Viviani, vice-president of the council of ministers and head of the mission, at a luncheon of the Merchants association when he declared France never would cease fighting until Alsace and Lorraine were restored to her and when he proclaimed that she stars and stripes never would attain their full significance until they floated from the trenches of Europe.

The Placing by Marshal Joffre of a Wreath upon the Tomb of General Grant

The reception to the French residents of the city at the public library tonight when Joffre, Viviani and their colleagues greeted their compatriots, including several hundred bluejackets from French warships.

Talks in Joffre's Eyes

The spectacle which appealed most to the popular imagination was that enacted at Grant's tomb. There was an impressive stillness among the many thousands of spectators as Marshal Joffre alighted from his automobile and walked slowly along the wide pavement leading to the tomb. The memorable words of the man whose ashes have long reposed within, carved in the granite above the tomb a grateful nation gave him, seemed once again to echo their solemn admonition "Let us have peace." That this thought, almost possibly remote of achievement, was in the mind of the gallant French soldier whose fullness of heart has so endeared him to his own men was evidenced by the tears in his kind eyes.

The thousands who had paused in their daily duties to honor the victor of the Marne and his colleagues, apparently realized the significance of the moment.

Where there had been a veritable canopy of small flags fluttering above them now were bare heads. Where there had been a remarkable manifestation of a great city's joy in welcoming the living, now there was honor for the dead.

Joffre, the soldier, Viviani, the statesman, Choceprat, the admiral, de Chambrun, the nobleman descendant of Lafayette all were visibly affected.

Places Wreath on Coffin

Passing into the dimly lighted rotunda of the tomb Marshal Joffre doffed his cap and on the huge coffin of General Grant silently placed the evergreen wreath with the tri-color entwining it. Then standing erect, he saluted, while the hundred of more others who had been permitted to enter the tomb looked on, heads uncovered.

Then followed a review of the seventh regiment New York National Guard in front of the tomb.

All along the route extending several miles, were great throngs of men, women and children, cheering the city's guests.

At the Joan of Arc statue a delegation from the Daughters of the American Revolution presented Marshal Joffre with a check for \$25,000 francs to be used at his discretion for charitable purposes. A wreath of white laurel was handed to Marshal Joffre and he placed it reverently at the base of the statue while the crowd stood silent.

WOMEN OF ILLINOIS ORGANIZED FOR WAR

CHICAGO, May 10.—The women of Illinois are organized for war. A central committee has been formed, representing all the women's organizations of the state which will have general charge of all women's war time activities. A call issued for the forming of the central committee expressed the purpose of the committee as follows:

"To avoid duplication of effort; to vitalize organizations already in existence; to promote efficiency and give every woman an opportunity for patriotic service at home or abroad."

Mrs. Frank Lowden, wife of the governor, Mrs. Antonette Funk and Miss Agnes Nestor, the two latter representing Illinois on the national council of defense, were chosen honorary chairmen of the committee.

OFFER SERVICES TO GOVERNMENT

Galesburg, Ill., May 10.—The Illinois State Butter Manufacturers' association today offered the services of members and their plants to the government.

BRITISH MISSION GOES TO NEW YORK TODAY

Will Join French Mission for Joint Reception

Britons Look Forward to Remainder of Their Stay in America as Largely a Period of Relaxation—To Take Trip Into Middle West and Canada.

Washington, May 10.—The British war mission, its conferees here about conclude, will leave tomorrow for New York to join the French mission for the joint reception to be given them by America's financial capital. The British statesmen will make the trip in a special train placed at their disposal by the federal government.

Return to Capitol Sunday

The distinguished visitors are looking forward to the remainder of their stay in the United States as largely a period of relaxation. They will return to Washington Sunday night and later will take a short trip into the middle west and Canada.

It is expected now that some of the British officials will remain in this country after Foreign Secretary Balfour and some of the leaders have returned to England. Final action of many questions involved in the war conferees is dependent on congressional action. Military and trade problems predominate among those still to be finally determined.

The mission today held an important joint meeting with the Council of National Defense, Mr. Balfour and J. H. Thomas, a British labor leader, explaining particularly the relations between Union Labor and the government in England during the war. Mr. Thomas discussed the methods taken to prevent disputes, to stimulate labor's interest and pride in war work to secure priority to war manufacturers and to unite the patriotic efforts of capital and labor.

Will Resume Discussion

The discussion will be resumed next week.

Mr. Balfour talked this afternoon with Justice Brandeis of the supreme court who is interested in the movement to establish a Zionist republic in Palestine.

Mr. Balfour also received Winston Churchill, the author, and went over the financial situation with Sir Hardman Lever, British financial expert.

ILLINOIS HOUSE KILLS ALL WET AND DRY BILLS

Agrees to Strike All Such Measures From Calendar After Defeat of Festering Bill.

Springfield, Ill., May 10.—The house cleaned its calendar of all wet and dry legislation today by defeating or striking from its calendar all pending bills offered by these interests. Among the bills defeated were the Bruce ten per cent alcohol bill, the Harbour dance hall measure, the Swift bill to create a dry zone about the Waukegan naval training station and the Festering bill to permit brewers to sell direct to consumers in dry territory. The wetts attempted to pass but one of the measures they had fostered. This bill the Festering bill, received only 73 votes, four under a constitutional majority of 54 against.

"Both sides have now had a fair chance," Speaker Shanahan said. "Is there any use going ahead with other wet and dry bills?"

Representative Lyle moved that all such bills be stricken from the calendar, either in the house or in committee, and the house agreed. Approximately \$2,219,552 per annum would be raised by an excise tax on corporations and insurance premiums under a bill agreed upon by the house appropriations committee and reported out for passage today. The tax scheme as originally planned would have raised almost twice that sum, it was estimated.

WILL ASK BIDS FOR MOTOR VEHICLES

CHICAGO, May 10.—Bids from manufacturers only for 10,000 motorcycles, 3,100 automobiles and 600 motor trucks will be invited by the United States army quartermaster depot here within a few days, it was announced today. The bids, it is asserted, will call for prices on from \$1 to 1,000 per passenger car to cost up to \$1,000 each, a like number of runabouts of the same class, 1,000 cars of the \$1,500 class, and 100 of the \$2,000 class. Five thousand of the motorcycles are to have side cars attached.

ADMITS GERMANS DRAFTED BELGIANS

COPENHAGEN, May 10.—(via London)—A representative of the German war department has admitted the Reichstag that a number of Belgian subjects resident in Cologne were drafted into the German army in spite of their protests that they were veterans of the Belgian army. The admission was made in answer to an interpolation by a radical leftist deputy. The war department official promised that the question of citizenship in these cases would be reviewed.

ARREST DESERTER FROM U. S. AVIATION CORPS

SAN FRANCISCO, Cal., May 10.—Lieut. Frank F. Wolfe, alias Frank Felt, a deserter from the United States aviation corps at San Diego, and said to be a lieutenant in the German army, was arrested and interned here by federal authorities. Wolfe, who denied he had been in the German army, said he came to the United States eighteen months ago and had spent considerable time in Mexico.

WILSON CREATES RED CROSS WAR COUNCIL

Body Headed By Henry P. Davison to Direct Relief Work During War

APPEALS FOR MONEY

Davison States All Facilities of Morgan & Co. Will Stand Behind the Red Cross

Behind the Red Cross

TAFT ALSO WILL SERVE

WASHINGTON, May 10.—President Wilson created a "war council of the Red Cross" today to direct relief work during the war and made a public appeal for Red Cross contributions from all those who can contribute, either great sums small to the alleviation of the suffering and distress which must inevitably arise out of this fight for humanity and democracy.

Morgan Facilities Will Aid

The head of the war council is Henry P. Davison of J. P. Morgan & Co., who said in accepting the post that all the vast facilities of the Morgan firm would stand behind the Red Cross for the duration of the war. Former President Taft, chairman of the Red Cross central committee, will serve with the council. Other members are Charles D. Norton, Cornelius N. Bliss, Jr., and Grayson M. P. Murphy of New York, Edward N. Harley of Chicago and Elliot Wadsworth of Boston.

Definite plans have not been made by Mr. Davison and the other members of the council, but the preliminary step was taken tonight when telegrams were sent to all the 630 chapters of the Red Cross notifying them that a campaign soon would be undertaken to raise money and get the work under way.

Headquarters of the council will be in Washington, but a branch office will be established in New York where details of the business of getting supplies to Europe will be handled.

Need Millions of Dollars.

"It is impossible to say how much money is going to be needed," said Mr. Davison, "but it is going to be many millions of dollars. Just how we are going to get that money I don't know, but I have every confidence that the American people will respond as never before and that we will get it."

"I expect to devote practically all of my time to the new assignment, I have enlisted. It is my bit and I hope a great many more will regard a similar work as their bit. And I hope that no one will make the mistake of thinking that this is the ordinary work of alleviating suffering. It is that and more; it is an effective agency looking to winning the war."

One of the first things, he added, will be to bring relief to thousands of people in France left in pliable poverty in the wake of the fighting armies. Tilling of the soil has been made impossible by the destruction of farming implements and the work of restoration will be not only an act of mercy but a very practical aid in lessening the economic burden.

The council expects to announce France and later to Russia and other allied countries, seeds and tools to enable non-combatants to resume cultivation of the devastated districts.

American Work Not Minimized

The work in America was not minimized, but Mr. Davison will suggest to the chapters of the Red Cross that it is not nearly so immediate in its importance as in Europe.

The council expects to announce soon some period early in June when it will go before the country with a specific appeal for aid.

"Just now," Mr. Davison said, "I believe there are not two percent of the people who have a full appreciation of the fact that we are at war, but they will appreciate it soon and the Red Cross offers to a great part of our 110,000,000 people an opportunity to perform a service."

MILITARY COAST ROAD

The Pasadena, California, Board of Trade has recently passed resolutions urging upon Congress the building of a road for military purposes along the Pacific Coast from the north side of Washington to the south side of the Golden State.

There is something to commend this, if it is not merely a scheme to fit an automobile speedway, provided it could be built far enough away from the danger of guns of warships of an enemy. In many places the roadway would have to be immediately along the shore line, and this might be objected if detours were made at the closest points, so that the transportation of troops or supplies might not be endangered or impeded.

A REMARKABLE RECORD

Anent the employment of children and young people in increasing the production of food supplies, Nebraska has come to the front with reports of some young persons raising products to the value of \$630, and even \$1,650 per acre. This sort of like the work of wizards, but it is a matter of good judgment and efficient planning and work.

Another suggestion made by an agricultural expert in the Western Commonwealth is that the youthful agriculturists also do all the putting up of vegetables, etc., in cans that is possible. This to be done by the cold process. That would apparently have the double advantage of not requiring skilled labor, and of being much cheaper. It would certainly appear that, in these two ways farm families, as well as those in small places, might easily and materially reduce the high cost of living.

THE ROOSEVELT EXPEDITION.

The action taken by congress seems to make it impossible for Colonel Roosevelt to go ahead with his proposed expedition to France. It will be difficult to persuade a great many people that there was not some political motive behind the movement which prevented the colonel from achieving his purpose. A division commanded by an ex-president of the United States, a man of world wide renown and with an immense personal following, would certainly have a great moral effect on the troops of both the forces fighting. It would inspire the allies with new courage and ardor in their struggle with the thought that the United States has not entered this war in any soft and slipshod way. On the other hand, knowledge that the United States troops were also pitted against them would not increase the buoyancy of the German soldiers.

A SINGULAR CONDITION

The developments of modern life, and especially since the tremendous demand for agricultural and other industrial productions, has become so great, are leading to many complications in the employment and use of common labor. A Montana paper speaks of the requirements of hands upon ranches in that region, which have risen—day and night—to the neighborhood of \$100 per month. This is quite different from the days when the late Hon. Samuel Wood, of this county, began his life work, and his march to competence on \$8 per month and board costing, perhaps, a dollar or two per week. There is a cumulative increase now in the way one class demands increase of wages, which immediately touch another and another to want increases. Then the prices of necessities of life begin to climb and so the thing goes on and on, like a snowball, gaining in size at every turn.

SOCKS AND BANDAGES.

Some zealous and patriotic women have been feeling rather crestfallen recently since they read a physician's statement about the knitting of socks and making of bandages. This physician, fully appreciating the enthusiasm and earnestness of the women patriots, went on to say that an operator with a bandage machine or the medical supply house could make more and better bandages in one day's time than twenty women working privately can make in a day.

When it comes to the matter of knitting socks, it has been found that it takes 63c worth of material to make a pair of woolen socks and this without any allowance for labor. The government is able to provide a good cotton army sock at an expense of 15c per pair. The quality is not equal to the knit sock but there are some advantages in favor of the lighter weight article and there is a great disparity in price. In Germany, it is said, where efficiency is ever kept as the chief consideration, women are not permitted to make bandages and socks by hand. There vast numbers of girls are assisting in farm work. While this is not practical for the great percentage of American women, nearly all of them could do something in the line of increased production of foodstuffs.

For example, why should newspapers pay a tax five per cent of receipts from advertising, in addition to other taxes which would be levied under the law? This is only one of the ways in which newspapers are being hit by the bill. This is especially unreasonable in view of the fact that newspaper costs of publication have increased so enormously since the war began.

The situation is best indicated by the announcement just made by Chicago papers of an advance from one to two cents in price. Thousands of smaller papers the country over have already increased their advertising and subscription rates, and even with these increases have by no means kept pace with the increasing cost of production. The Chicago Herald in its announcement of the change in price presents a comparative table showing that the lowest per cent of increase in the material used is ten per cent, many articles running from twenty five to seventy five per cent and some others from 100 to 582 per cent.

FILLING THE CONGRESSIONAL RECORD.

The Springfield Register in the following editorial points to the way in which the Congressional Record is padded and amplified at the expense of the public:

Representative J. J. Mansfield of Texas, the other day asked unanimous consent to extend his remarks by embracing in The Record a speech delivered before the legislature of Texas by the Hon. Jacob F. Walters "along patriotic lines."

Mr. Stafford: Reserving the right to object, Mr. Speaker, it is not customary for the House to insert in The Record, speeches made by gentlemen outside of the connected with the house of representatives. I would like to inquire how lengthy a speech it is?

Mr. Mansfield: It would make several pages of The Record.

Mr. Stafford: In the absence of the chairman of the joint committee on printing, who usually acts as censor on these matters, I shall have to object.

The flowery eloquence of the Hon. Jacob, was, perforce, compelled to "waste its sweetness on the desert air."

John Milton, author of "Paradise Lost," fared better. Representative Sisson of Mississippi, secured consent to print "one of the most marvelous documents ever written by the pen of man upon free speech and a free press," an dithyrambic went into The Record to the extent of ten solid pages.

"The Charge of the Light Brigade." Civil war poems galore, country editors' views on conscription, Chamber of Commerce resolutions, telegrams from indignant or gratified constituents and General Sherman's characterization of war, are all serving to make the Congressional Record a treasure house of information in these days of soaring paper costs.

Rippling Rhymes

By WALT MASON

The Great Show
The winter nearly killed me off;
It gave me grip and whooping cough;
The mumps, the measles and the
itch, the rheumatism and gout and
scurvy. I'm thankful that I have
survived—the circus season has arrived!
Today the first show came to town;
It took three men to hold me
down. For always when the circus
comes, the ancient blood within me
burns. I never weary of its sights,
its atmosphere and rare delights. I
love the grand free street parade, I
love the lukewarm lemonade, the
gymnasts, india-rubber men, the
crocodiles from distant fen, the lovely
girls with diadems composed of
sparkling plate glass gems. I love
the tigers in their cage, moth eaten
lions in a rage, the camels with
their lovely backs, the snakes, the
warthogs and the yaks. I love the
wild hyena's yell. I love the good
old circus smell; there's nothing like
that fine rich scent outside of a
circus tent. The same old fragrance
that I knew in youth, when all
my skies were blue, and I played
hookey that my eyes might see the
teated paradise. And when I hear
the circus growl, the mingled groan
and roar and howl, the bark, the
mutter and the whine, the same old
thrill runs up my spine.

Y. M. C. A. COMMITTEE VISIT NEARBY TOWNS

Prospects for Contributions Said to be Promising—Bulletin Gives Facts About Other Cities.

The Illinois army and navy Y. M. C. A. has issued bulletin No. 2 which presents notes from various cities relative to the state campaign for the army Y. M. C. A. In Lewistown recently \$500 was raised at a Sunday night meeting and in Wheaton \$803 was raised at one service. Arcola pledged \$1,075 at one meeting and expects to raise the sum of \$2,500 speedily. In the list of gifts of \$100 or more in the state wide campaign appears the name of H. J. Rodgers of this city, who is credited with a contribution of \$100.

The local committees yesterday to surrounding counties made trips and report good prospects. In each case they met other committees who will at once proceed with active canvassing work. Delegations who went were:

Virginia—Rev. W. E. Spoons, Rev. R. B. Wilson, Edward G. Saye, J. S. Findley.

Winchester—Dr. and Mrs. G. H. Kopper, Rev. E. L. Fletcher, Dr. Edward Bowe.

Beardstown—Mayor H. J. Rodgers, T. M. Tomlinson, T. V. Hopper, William J. Brady.

The Beardstown committee had a very satisfactory session there Thursday night in the city hall and a committee was named including Mayor M. H. Harris, Jesse Lowe and B. Hubbard. These men are familiar with conditions in Beardstown and vicinity and will at once actively take up the work. There are numerous wealthy residents in that locality and some generous contributions are looked for.

MORTUARY

Tobin

Isaac R. Tobin, aged 74 years, died at Jacksonville State hospital Wednesday. The deceased had resided in this county for many years and was engaged in the stock business. The remains were removed to the undertaking parlors of John G. Reynolds and prepared for burial. Funeral will be held from the Reynolds parlors this morning at 10 o'clock in charge of the Rev. E. L. Fletcher.

Ryan

Mrs. Arch Norris has received word of the death of her sister, Mrs. Mary Ryan of Freeport. Deceased was a native of this city where she was reared. She was a daughter of Andrew Bailey, or South Church street. She leaves two sisters, Mrs. Norris and Mrs. Ellen Dunn of this city; three brothers, John of Macomb; Andrew of Oklahoma, and James of Macomb. Her husband died some years ago and she made her home with her daughter, Mrs. Joseph Fitzpatrick of Freeport. She left three daughters and four sons. The funeral was largely attended, many from a distance being present as she was a lady who had many friends.

FRANKLIN TEACHERS ARE EMPLOYED

O. B. Mounce, principal of the Franklin schools has been re-employed by the directors at a salary of \$900, and Miss Julia Huff, who has filled the assistant principal's place, has been engaged for another term. Miss Hazel Kinnear has resigned her position. The teaching of domestic science at Franklin will give place to agriculture next year and hereafter the studies will be alternated. Miss Kinnear was tendered a place at advanced salary but preferred to go where she could teach her chosen subject.

Miss Mary Long, teacher of the seventh and eighth grades, Miss Grace Hill, fifth and sixth grades, and Miss Zella Scott, third and fourth grades, have been employed for another year.

years, declined to be considered as a change of the primary room for three candidate for another term.

MISS IRMA KEPLER TO WED F. J. RYAN

Francis J. Ryan, of Franklin, and Miss Irma Frances Kepler, daughter of Mr. and Mrs. William Kepler will be united in marriage at the Church of Our Savior on Wednesday morning, May 23, at 8 o'clock. A reception will be tendered the young couple at the Marquette hall, Franklin, that evening.

Mr. Ryan is a well known young farmer, and is farming the Charles Lynch place, north of Franklin, on which they will take up their residence.

W. T. WILSON OF BEARDSTOWN DEAD AT HIS HOME

W. T. Wilson, a well known farmer residing southwest of Beardstown passed away Wednesday evening at 7:30 o'clock, after an illness of several weeks. Mr. Wilson was born in Tennessee January 31, 1844, and came to Cass county as a boy. The widow and one brother, John Wilson, survive. The funeral will be held this afternoon at 2 o'clock at Sand Prairie Baptist church and burial will be made in the cemetery nearby.

WILL OBSERVE MOTHER'S DAY.

Lynnville Christian church will observe Mother's Day Sunday, May 13. The Rev. L. B. Cronkrite will preach a sermon appropriate to the day. His subject will be "Our Mothers and Our Land."

FUNERALS

Tinsley

Funeral services for Daniel Tinsley were held from Mt. Emory Baptist church Thursday afternoon at 3 o'clock in charge of the pastor, the Rev. E. L. Scruggs. Music was furnished by the choir of the church. The flowers were cared for by Mrs. Bessie Duncan, Mrs. E. D. Haydon, Mrs. James Scott, Miss Lillie Moore, and Miss Grace Roberts. Burial was in Jacksonville cemetery, the bearers being, William Jones, Edward Harmon, Ellis Moore, Thomas Mitchell, J. L. Morgan, and David Duncan.

Among the floral decorations were designs from the board of education and from the teachers and pupils of Morton school. Pupils of Mt. Emory Baptist Sunday school sent a wreath. Thursday morning pupils of Morton school, where the deceased filled the position of janitor, visited the home in a body, bringing with them sprays of lilac, with which they covered the casket.

Holley

Funeral services for Henry Holley were held from the family residence 1152 Hardin avenue Thursday morning at 10 o'clock in charge of the Rev. R. B. Wilson and the Rev. A. B. Moray. Miss Nelle Self and Mrs. A. C. Baldwin sang "Beautiful Isle of Somewhere" and "Jesus Saviour, Pilot Me." The flowers were cared for by Mrs. John Kastrop and Miss Paradise. Burial was in Jacksonville cemetery the bearers being W. S. Ehnie, J. J. Clancy, E. G. Saye, W. C. McCullough, Remben McCullough and Frank Paradise.

Bradbury

Funeral services for Mrs. Sarah Bradbury were held from the residence of George I. Hoover, 340 East College street, Thursday afternoon at 2:30 o'clock in charge of the Rev. M. L. Pontius, pastor of Central Christian church.

There was a large gathering of friends to pay a last tribute of respect to the memory of the deceased. The members of Jacksonville Lodge No. 13 Rebekahs attended the funeral in a body and had charge of the services at the grave.

Music was furnished by a quartet composed of Miss Lorine Dewese, Miss Mary Dewese, C. L. Mathis and C. A. Rowe.

There were many beautiful floral offerings and these were cared for by Miss Lena Engel, Mrs. David Claus, Mrs. Alfred Larson and Mrs. O. I. McBurn.

Burial was in Jacksonville cemetery the bearers being, Herman Weber, C. Riggs Taylor, Charles Stevenson, Frank J. Heint, O. B. Heint and W. F. Widmayer.

FARM NOTES

C. E. Criswell of Franklin

Received Big Cattle Price. Chas. E. Criswell who resides in the vicinity of Franklin delivered to local shippers this week 23 head of cattle averaging 1300 pounds at \$12.50 per hundred, which is said to be the highest price ever paid for a load of cattle in Franklin precinct.

These cattle were bought in Kansas City last November for \$7.00 and ran on stalkfields for a while and put on full feed of ensilage, corn and oats in the straw about January first. They were fed less than 1000 pounds of hay all winter and showed a nice margin of profit.

Miss Anna E. Dav, Miss Mabel Cowdin, Miss Anne Stevenson, Miss Lena Hopper and W. H. P. Huber will go to Murrayville this evening to serve as judges in the tri-school meet at Carlson's hall.

JACKSONVILLE WINS DECLAMATION CONTEST

Miss Carol Hall Awarded First Honors Thursday Night at Griggsville. —J. H. S. Athletes Second in Meet —White Hall First. Jacksonville won first place in the declamatory contest at Griggsville Thursday night and second in the athletic events. Miss Carol Hall was Jacksonville's representative in the declamatory contest. Earl Lashmet of Winchester was second and Miss Marguerite Wills of Griggsville third. Jacksonville only took a five man team to Griggsville, leaving Hall at home else they probably would have won the track and field honors also. White Hall was first with 46 points, Jacksonville second with 40 and Griggsville third with 35 points. The judges in the declamatory contest were: Prof. M. L. Test of Mt. Sterling, Irvin B. Potter, Illinois college faculty and Dr. P. M. Rule of Jacksonville. The Jacksonville party returned home on the flyer early this morning.

DEAF MEN ANXIOUS TO DO THEIR PART

Send Letter to Gov. Lowden to Recruit Small Army For Farm Work.

Fred W. Schoneman, boys' supervisor at the State School for the Deaf, has written a letter to Governor Lowden in which he offers to take steps toward organization of deaf men in the state to help with farm work. While the governor's reply has not yet been received, it is well nigh certain that he will look upon the suggestion with favor, for it is a practical idea.

Mr. Schoneman is personally acquainted with a large number of the deaf people of the state and is confident that there are 200 to 500 of them who while possibly disqualified in the regular army, are nevertheless able-bodied and patriotic and very anxious to do their part. So much stress is being laid on the need for farm workers that undoubtedly places can be found for these deaf patriots which will prove beneficial to the state and nation. Mr. Schoneman's letter to the governor was as follows:

May 9, 1917.
Hon. Frank O. Lowden,
Governor of Illinois,
Springfield, Ill.

Dear Sir:—
I would like to know whether it would be acceptable to you if an organization can be effected among the deaf of Illinois wherein they may enlist to help on farms and in this way do something to help out nation in these troublous times. There are in this state from two to five hundred or more deaf men who are otherwise able-bodied and eligible as soldiers who would willingly enlist to help our nation in any way in which they could be used. We are, perhaps, better fitted for farm work than any other occupation and being accustomed to organization could do effective work as a colony.

Any information or suggestion as to how we may co-operate with others along this line of work will be much appreciated.

Yours very truly,
Fred W. Schoneman,
Boys' Supervisor,
Illinois School for the Deaf.

Nine Arrested Before Conspirators
Could Carry Out Plans to Assassinate Cuban President.

BULLETIN

Havana, Cuba, May 10.—The bomb which had for its object the killing of President Menocal is officially stated, was to be timed so as to explode when the American minister, William Gonzales, was in the palace with the president.

Havana, May 10.—An attempt was made last night to assassinate President Menocal of Cuba by means of a bomb explosion. Nine arrests were made before the conspirators could carry out their plans.

The Cuban authorities for some time had been investigating a reported plot to make a new attempt against the life of President Menocal by certain disgruntled elements of the recent abortive rebellion. The investigators learned that the attempt was to be carried out last night. The alleged plan was to place a bomb immediately below the president's private apartments in the palace.

According to officials the plotters negotiated with a sergeant of the Cuban army who was to execute the plan. This sergeant agreed to the plot in order to learn the details and made an appointment to meet the plotters yesterday and receive the bomb.

At the appointed spot the bomb was delivered to the sergeant who immediately turned it over to the president's aide and nine arrests were made.

DAN MCGINNIS HOME

Dan McGinnis has returned home from a stay of several months in Hot Springs for the benefit of his health. Mr. McGinnis seems somewhat better than when he left Jacksonville but is not yet a well man.

FRANK MALLORY FUNERAL

Funeral services for Frank Mallory will be held from Mt. Emory Baptist church Sunday afternoon at 2 o'clock in charge of the Rev. E. L. Scroggs. It is expected that a number of the officers of the Grand Lodge Knights of Pythias will be in attendance at the funeral.

SIGMA PI TRIENNIAL

IS POSTPONED.
Altho 1917 is the year for a triennial observance by Sigma Pi society there will be no celebration this year. At the triennial gathering in 1914 it was called to mind that 1918 will be the society's seventy-fifth anniversary and the triennial observance was thus deferred one year.

RETURN FROM BLOOMINGTON.

Dr. and Mrs. Carl E. Black, who went to Bloomington to attend sessions of the State Medical society, were guests while there at the home of Dr. and Mrs. W. E. Guthrie. Special interest attached to the visit of Dr. Black to the state convention in Bloomington this year because when the convention was held there the last time, in 1906, he was serving as president of the society.

THE BIRTH RECORD.

Mr. and Mrs. J. W. Jackson of South Diamond street have received a telegram announcing the arrival of a daughter at the home of their son Henry in Springfield. Mr. Jackson will likely be giving up his important position as traveling auditor for the Wells-Fargo Express company to attend to the exacting duties of father.

ENDEAVOR SOCIETY TO AID RED CROSS

The Christian Endeavor society of Central Christian church will engage in the making of articles for aid of the Red Cross work, according to action taken at a business meeting of the society Thursday evening. For the present attention will be directed to the making of "comfort bags" for the soldiers.

Announcement was made of the district endeavor meeting, to be held in Beardstown, June 11 and 12. As was recently mentioned, the international convention in New York City was postponed on account of the war and any plans made by local societies for the sending of delegates will thus be nullified.

The meeting was held in the parlors of the church with about twenty-five young people in attendance. Refreshments were served.

Miss Georgie Melton was guest of honor. Miss Melton will go next week to Christian county to take up agency work for the Chautauqua Art Desk. She will be associated with Miss Inez Cumming, who for a number of months has been successfully conducting her work for the manufacturers of the desk.

CERTIFICATING EXERCISE

AT DAVID PRINCE SCHOOL.
Supt. H. A. Perrin has announced Monday, May 28, at 2:30 p. m. the time for the certificating exercise for those who finish the eighth grade work at David Prince school. A large class will finish the work this year. To each pupil will be given an elementary school diploma and certificate of promotion to the high school. The exercises will be staged in David Prince theatre and will be under the direction of Miss Laura White, principal of the school.
Tuesday forenoon, May 29, the pupils will return to school to receive their final reports.

**PROPOSES THAT HAITI
BREAK WITH GERMANY**

PORT AU PRINCE, Haiti, May 10.—A commission appointed to consider the demand of President Adrien Goave that Haiti declare war on Germany reported today there was not sufficient reason for such a declaration and proposed instead that diplomatic relations with Germany should be broken off. The Haitian congress will discuss the report pending a final decision.

**RUMOR HAS U-BOAT OFF
THE NEW ENGLAND COAST**

ROCKLAND, Me., May 10.—An unverified rumor of the presence of a submarine off the New England coast was circulated here today after a British merchant steamer had put into this harbor unexpectedly. The captain of the vessel came ashore and called upon the local naval representative, but the subject of the conference was not made known. The story heard here was that the steamer had run for this port because her officials believed they had sighted a submarine somewhere off the northeastern coast of Massachusetts last night. Members of the crew who could be reached declined to say whether the report was true, altho one of them admitted that something sensational happened last night off Cape Ann.

**GOV. LOWDEN GRANTS
REPRIEVE TO CAMPBELL**

SPRINGFIELD, Ill., May 10.—At the request of the Chicago Legal Aid society, Governor Lowden tonight granted a sixty day reprieve to "Chicken" Joe Campbell, former trustee at Joliet penitentiary who was convicted of murdering the wife of the former warden, Edmund Allen. The reprieve, which is the seventh granted in the case, carries the execution date to July 27. It is granted that the legal aid society may fulfill a promise to carry the case to the supreme court.

SOCIAL EVENTS

Miss Clara Lane
to Wed Stuart Russell.

The engagement of Miss Clara Elizabeth Lane and Mr. Stuart Russell was made known Thursday afternoon at a 6 o'clock luncheon given by Miss Lane for her guest, Miss Helen Langhans of Louisiana, Mo. The luncheon, given at the Peacock Inn, was a charming affair and no intimation of the announcement was made until the young women were ready to depart when they found corsage bouquets on the wraps of the prospective bride and groom. The guests were Mrs. Andrew Russell, Miss Miriam Russell, Miss Eleanor Russell, Miss Anna Pauline Brown, Miss Margaret Clampt, Miss Marian Candee, Miss Elson Barnes, Miss Frances Hubble and Miss Langhans.

The marriage of Mr. Russell and Miss Lane will be the signal for words of congratulations on every hand. The groom, son of Mr. and Mrs. Andrew Russell, is one of the city's best known young men, having recently resigned a Kansas City, Mo. banking position to enlist for army service.

Miss Lane is the daughter of Mr. and Mrs. J. W. Lane and is prominently identified with the younger society of Jacksonville. She is a graduate of Jacksonville High school and is possessed of the respect and esteem of many friends.

Mrs. Meany and Miss
Mandeville Hostesses

Mrs. John Meany and Miss Mary Mandeville were hostesses to the Ladies Aid society of the Catholic church at their home on North East street Thursday afternoon. There was a large attendance of members. After the business session a social hour was enjoyed. Prizes were won by Mrs. James McBride of East North street, Mrs. Anthony Becker, Mrs. Ross Wagner and Mrs. Ed Phalen. The next meeting will be held with Mrs. W. F. Cook of South Church street May 24.

Fortnightly Club
Closes Year's Work

The last meeting of the season was held by the Fortnightly club at the public library Thursday afternoon. Miss Bertha Mason was leader and the topic was "Other Poets of the British Isles." James Stephens, Robert Bridges and Rupert Brooke were among those mentioned. The club has planned an outing Saturday at the home of Mrs. J. Franklin Brown of Concord.

**NEWSPAPER CONDEMNS
GERMAN AMERICANS**

Kreuz Zeitung Asserts German Americans Could Not Betray Their Mother Country More Shamefully.

Amsterdam, via London, May 10.—Bitter condemnation of German Americans is the feature of an article in the Kreuz Zeitung on mobilization in the United States. The writer first seeks comfort in expressing utter disdain for the present American army, comments on the costliness of volunteer recruiting and the obstacles to conscription such as a lack of lists of men capable of bearing arms. Referring to the loyal resolutions passed at meetings of German Americans he says:

"German Americans could not be their old mother country more shamefully, seeing that nobody will assert that the existence of the United States is endangered by Germany. The more pitiful is the cowardly zeal with which the two million German Americans in their national associations disown their race in time of distress."

"The term German faithfulness I hereby forever dishonored. Nothing any longer binds us to these 'German' Americans. We only cherish one wish, that, as speedily as possible, they erase the word German from the name of their organizations, its use being as insulting to the German people as to themselves."

**SECOND CARRIERS'
PLEA FOR INCREASE**

WASHINGTON, May 10.—Spokesmen for railroads in the west and steamship companies operating along the Atlantic seaboard appeared before the interstate commerce commission and seconded the plea of carriers in other sections of the country that an increase of fifteen percent in freight tariffs is absolutely necessary if bills are to be paid during the coming year.

R. H. Ashton, president of the Chicago & Northwestern gave it as his opinion that the emergency confronting the roads is the same as that confronting every other commercial activity, and pointed out that commercial institutions generally have met advanced costs by raising prices to the consumer. The increased revenue to be derived from the proposed advance of fifteen percent in rates would not be sufficient, the witness declared, to meet the swollen operating costs.

**PASSES MEASURE TO
REPEAL BOXING BILL**

ALBANY, N. Y., May 10.—The legislature tonight passed the Slater bill to repeal laws legalizing professional boxing in New York after November 15.

The measure which twice previously had been defeated by the assembly had been twice advocated by Governor Whitman in special messages.

The vote in the senate was 26 to 20 and in assembly 94 to 42.

THE COAL SITUATION

In April we told the public that from all information available from mine owners that retail prices would certainly advance soon.

Prices now are 50c per ton higher than the original prices we were able to quote. We believe that prices will continue to climb and that coal will sell at prices here-to-fore unknown before this summer is over.

We now quote—

Carterville Lump and Nut, per ton	\$5.75
Springfield Lump and Nut, per ton	\$5.00
Mine Run, per ton	\$4.50
Hard Furnace Coal, per ton	\$9.25
Hard Nut Coal, per ton	\$9.50

OLDER MEN NEEDED FOR OFFICERS' CAMP

Special Appeal Issued to Those Past 30 Years of Age—Mayor Rodgers Has Application Blanks.

Altho applications have been many for admittance to the officers' training camps thus far, there is still a great need for men over thirty years of age. Thousands more of applications have been received than can possibly be admitted but the vast majority of these applicants are young men under twenty-five years. The standard set by the training camps association is one applicant from every 1,000 of population. This number has been exceeded in Jacksonville so far as the young men are concerned, but according to the letter received yesterday by Mayor Rodgers, there is now a distinct need for the older men. The blank applications are in the hands of Mayor Rodgers and can be secured from him. The department prefers men with college training but this is not at all essential. Men with experience and stability who have been somewhat accustomed to directing other men are especially desired.

The letter to Mayor Rodgers was in the following language: May 9, 1917. To all Illinois Branch Chairmen:

Illinois outside of Chicago has taken a great slump in the past few days, indicating, no doubt, that the chairmen have thought the camp full. It is not full. We need large numbers of first class men that can be marked A No. 1 by the examining board, especially men 30 years and upwards. Each branch chairman should seek to get the best men in his city before the examining board at once. Many cities of Illinois have not sent in one application to each 1,000 of their population. This is the minimum to insure leadership of your own troops by men of your own city.

WILL FINISH MARKING O. AND R. BETTER WAY

Alexander Men Have Set Two Days Next Week for This Commendable Work.

Some time ago residents of the Alexander neighborhood who are enthusiastic boosters for the Orange and Red Better way running from Peoria to St. Louis, marked the trail all the way from their home down nearly to Fayette in Greene county. Now they are planning for a trip to mark the trail south and have fixed on Thursday and Friday, May 17 and 18, as the dates for this commendable work.

While there are a lot of boosters in the Alexander vicinity they will need some assistance for this marking south from Alexander, and earnestly request that some good roads advocates living in the vicinity of Franklin and Scottville and some other points farther south to assist them. They want two or three automobile loads in addition to their own men and with this force they believe they can complete the marking in two days' time. Any persons in the locality mentioned who are willing to help with this good work are requested to telephone to K. V. Beerup, C. M. Strawn or some of the other O. & R. boosters at Alexander. This trail, in addition to being marked, has considerable work done upon it and promises to be an important state highway for auto traveling. It means a great deal to all the towns it touches and there will no doubt be many willing to cooperate promptly for the additional work needed.

DR. DANCEY WILL GO WITH TROOPS TO FRANCE

A number of Jacksonville people are acquainted with Rev. Jesse S. Dancey, pastor of the Englewood First Methodist church, and will be interested in the announcement that he is to serve as chaplain in base hospital No. 12 of the Red Cross. This unit was organized at Northwestern university and will sail for France soon. Dr. Dancey was recently in Jacksonville conducting a special week of prayer series at the Woman's college. He has sent his resignation to Bishop Nicholson.

PHYSICIANS READY TO BEAR WAR BURDEN

Those Who Remain at Home Will Turn Over Part of Fees to Those at Front—Urges Abolishment of all Liquor From Army Camps.

Practically all Jacksonville physicians who attended the annual meeting of the State Medical association in Bloomington have returned home. This city and vicinity sent the following representatives: Dr. D. W. Reid, Dr. C. E. Cole, Dr. George H. Stacy, Dr. J. W. Hairgrove, Dr. C. E. Black, Dr. Grace Dewey, Dr. Josephine Milligan, Dr. W. P. Duncan, Dr. F. A. Norris, Dr. F. H. Metcalf, Franklin, and Dr. R. R. Jones, Woodson.

There were more than a thousand delegates in attendance and the convention was one of the most interesting and enthusiastic that this very active association has held. It had been the intention to hold the next annual meeting in Chicago but at the suggestion of the Illinois Centennial commission in an address by Senator H. A. Macell it was determined to meet in Springfield in 1918. Naturally this convention was colored by war conditions, just as has been true of all other large gatherings held at recent dates. So possibly the most important action taken was in the passage of resolutions wherein the doctors went on record as being entirely willing to do their part in the war. These resolutions were presented by Dr. Carl E. Black of this city and seconded by Dr. J. W. Pettit of Ottawa. The resolutions declared that doctors between the ages of twenty-two and thirty-five shall report immediately for examination for regular service and those between the ages of thirty-five and fifty-five for work in the medical reserve corps.

Furthermore it was agreed that the doctors who remain at home will take care of the patients of other physicians and turn over the fees to those who are doing service in the army. The doctors are strongly in favor of the abolition of alcoholic liquors in all the camps of U. S. soldiers here or abroad and this position was also set out strongly in the resolutions. Copies are to be sent to the president of the U. S. secretaries of the arm and navy and published generally.

Another important action taken was in the appointment of a committee of five to represent the state medical society and to co-operate with the state centennial commission. This committee includes the following: Dr. Carl E. Black, chairman; Dr. Frank Billings, Dr. W. A. Evans, Dr. C. C. O'Berne, Chicago; Dr. H. A. Snell, Littlefield.

The Morgan County Medical society was represented in the house of delegates by Dr. George H. Stacy of this city, and he was chosen as a member of the committee on medical defense. The resolutions follow:

Resolved, By the Illinois State Medical Society in general session assembled, in the city of Bloomington, May 9th, 1917, that every member be urged to assume, without hesitation or delay, his or her share of this great duty and that those male members between 22 and 35 report immediately for examination for regular service, and those between 35 and 55 report immediately for examination for the medical reserve corps, and that all others report immediately to the government their willingness to serve in any capacity in which the government may require their services; and

Whereas, There will be an early call to the colors of a number of the surgeons and doctors of this state, necessitating serious loss of their time, practice, money, and, perhaps their lives. Therefore be it further

Resolved, That we deem it a patriotic duty of all the remaining physicians in the various counties to attend said physicians practice, charge the usual fees, keep a careful record of same and pay a just proportion of said fees to the absent physician's family or anyone whom he may designate, and upon the return of the same physician to return his practice intact. And be it further

Resolved, That recognizing the great diversity of the situation, in the various counties of this state and that no one plan will be adapted to every locality, that the president of this society be instructed to appoint a committee of five, consisting of two members from Chicago and three from the state at large, to devise ways and means for carrying this resolution into practical effect, and that such committee with which county societies and individuals may consult as to the most practical working plan for their locality.

Would Abolish Liquor in Army. And whereas, The medical profession is largely responsible for the present public attitude regarding the status of alcoholic drinks and fully qualified to give advice on this important question. Therefore, be it further

Resolved, That we recognize the many dangers and disasters of the use of alcohol as a beverage, especially by men far removed from the restraints of home and family, and we therefore recommend the total abolition of alcoholic drinks in all camps of our soldiers here or abroad. And

Whereas, We as doctors, are especially cognizant that a large amount of sickness among soldiers is due to venereal disease contracted in a way which reduces the efficiency of the soldier, causes unnecessary illness, sends home a large number of invalids to be cared for, by the government or the community, or to contribute to civil inefficiency, by further transmission either directly to others at home and indirectly to the innocent offspring of the returned soldier. Therefore be it

Resolved, That we urge upon the government and all who are in control of our armies and especially upon the members of our own profession in the service, a campaign of education and prevention which will serve to at least minimize this wholly unnecessary peril.

MURRAYVILLE MEN WANT NEW LAW AGAINST DOGS

Letter Sent to Gov. Lowden and Members of Legislature Urging Support of Measure—Losses are Cited

The Murrayville Business Men's association and Good Roads club has recently drafted a letter to the governor and legislators urging the enactment of a new dog law. A copy of the letter has been sent to each member of the legislature. The particular reason for the interest the Murrayville men are taking in this subject is found in the fact that more than 100 sheep in that locality were killed by dogs in less than a year. After calling attention to the losses which predatory dogs have caused the association offers the legislature some provisions which in their opinion should be included in the bill to afford the desired protection. The letter follows: Gentlemen:

Realizing the absolute necessity of doing something at once, to save the sheep industry in the State of Illinois, The Murrayville Business Men's Association and Good Roads Club, do hereby recommend that a real dog law be enacted and placed on the Statute Books.

The farmers of this community, as well as elsewhere in the State, are being driven out of the sheep business by the worthless cur dogs. Sheep are the farmers' biggest money makers, they preserve and conserve the fertility of the soil, and it is nothing short of a calamity, that dormant public opinion will permit such wasteful methods, when efficiency is the watch-word of the day.

With a good dog-law in force, many choice racks of mutton and legs of lamb will once more appear on our bills-of-fare, and a noticeable increase in the production of wool for our clothing will be one of the beneficial results.

In Murrayville Township alone, since August 1st, 1916, there has been a loss of over one hundred sheep at an estimate value of Twenty (\$20.00) per head, and a loss of over thirty goats at an estimated value of from Eight (\$8.00) to Ten (\$10.00) dollars per head. All of which were killed by dogs of no special breed or value.

In 1916 there was an epidemic of Black-Leg, which we know positively, that a part of it, at least, was caused by the dogs. They are also known to be one of the greatest carriers of cholera.

And we earnestly pray that a dog law embracing such points as are hereinafter mentioned, may be enacted by the People of the State of Illinois, represented in the General Assembly, at this session.

Proposed Law Points

Provisions for Dog Law:
Section 1.—That a tax or license of Five (\$5.00) dollars be placed on each dog.

Section 2.—That a tax or license of Twenty-Five (\$25.00) dollars be placed on each kennel. All persons owning a bitch, to be considered as having a kennel.

Section 3.—That the dog tax or license, go into the general fund.

Section 4.—All sheep or goats killed or injured by dogs, to be appraised and paid for at market value.

Section 5.—All dogs to be considered owned by the person or persons with whom they stay.

Section 6.—That all dogs, not having the license or tax paid upon them, shall be considered as stray dogs, and as such must be killed by the police, village marshal, or county constable.

Section 7.—That the police, village marshal or county constable shall receive a sum of Two (\$2.00) dollars as his compensation for each dog killed.

Section 8.—That all dogs be restrained upon their respective owner's premises, unless accompanied by their owners.

Section 9.—That any person or persons violating the above section eight, shall upon conviction thereof, be fined a sum of not less than Three (\$3.00) dollars, nor more than Ten (\$10.00) dollars for each offense.

Section 10.—That any person failing to report his or her dog or bitch to the assessor, shall upon conviction thereof, be fined a sum of not less than Ten (\$10.00) dollars nor more than Twenty-Five (\$25.00) dollars for each offense.

MEETING SUDDENLY CLOSED.

Rev. Louis Ohlenslager has arrived home from Chicago where he went recently from Oakland, Iowa. At the latter place he had gone as an evangelist and had begun a series of meetings which gave promise of great results but an epidemic of small pox broke out and the authorities let it get too far before they took it sternly in hand and then it was deemed wise to close the meetings and wait till the dread disease had disappeared. The people of the town in general and of the church with which he was working were much disappointed but felt it was the wisest course to pursue.

BIRTH OF U. S. NAVY NOW VIVIDLY RECALLED

First Naval Vessel Built Under the Constitution Launched One Hundred Twenty Years Ago—Other Famous Ships Soon Afterward.

Philadelphia, Pa., May 10.—One hundred and twenty years ago today the first naval vessel built by the United States under the Constitution was committed to the waves. The vessel was the frigate United States and the launching took place at a Philadelphia shipyard. The United States was a sister ship to the still more famous Constitution, launched later in the same year at Boston, and of the Constellation, which was launched about the same time at Baltimore. The very names of these three famous vessels of war revive

memories of the good old days of a century ago, when the United States flag ruled the seas. The history of these three ships has to do with a chapter in the development of our early commerce. More than any other vessels, they made possible the foreign trade of the young Republic. Their construction was one of the results of the piracy of the Dey of Algiers, a petty tyrant who kept some colonial merchantmen in slavery for five years. One of the first acts of the Government was to relieve the victims of the corsair. We had no navy and when overtures were made the Dey threatened the American minister should he ever venture within the Algerian domain. In the first year of Washington's administration ten ships were captured and 165 prisoners made. On recommendation of President Washington Congress authorized the building of a fleet of frigates.

Pride of The Country

The United States was the pride of the country at her launching on May 10, 1797, the first ship of the reorganized navy. The hour for the launching was set for 1 in the afternoon and the whole city of Philadelphia, it is said, went down to Southwark to behold such a rare show. One estimate puts the number present at the launching at 30,000 persons. By noon every hilltop and every housetop commanding a view on each side of the river and every inch of space on the stands put up about the vessel was covered with human beings. In the river a hundred craft rode at anchor, gay with bunting and richly dressed ladies. At 1 precisely the blocks were knocked from under the vessel, the shouts of the great multitude the United States slid gracefully down the ways.

The builder of this first naval vessel of the United States was Joshua Humphreys. The launching was witnessed by the President of the United States and the heads of the departments, who were stationed in the United States brig Sophie. Commodore Barry was in command of the vessel. The figurehead on the vessel was carved by William Rush and represented the genius of America wearing a crest adorned by a constellation. Her hair escaped in loose, wavy tresses and rested upon her breast. A portrait of Washington was suspended from her neck, and her waist was bound with a civic band. In the right hand the figure held a spear and belts of wampum—the emblems of war and peace. In her left hand was suspended the Constitution of the Union. Above was a tablet on which rested three books, to represent the three branches of government, and the scales of justice. On the base of the tablet were carved the eagle and national escutcheon and the attributes of commerce, agriculture, the arts and sciences.

In War of 1812

The United States was one of the first vessels to do service in the war of 1812, under the command of Stephen Decatur, one of the foremost of American naval heroes of all times. When the war broke out the United States was at the Boston navy yard. After receiving repairs, Commodore Decatur ran the British blockade with her and began his famous cruises to the eastward. When near the Azores a sail was sighted. It turned out to be the British man-of-war Macedonian with thirty-eight guns. The English vessel came too close and was badly handled by a raking fire that cut her rigging to pieces. Many of her guns were put out of commission and she was forced to surrender. Decatur apologized for the length of time spent in winning the victory,

"by reason of a rough sea and the enemy's reluctance to come to closer quarters." The Macedonian was the only British man-of-war brought in as a prize to an American port. For many years after the war she carried the Stars and Stripes.

Of all the battles between American and British ships there was none so often discussed and so well remembered down to the civil war period as the victory of the United States over the Macedonian.

URGES ENROLLMENT IN MEDICAL RESERVE CORPS

Dr. Martin of National Defense Council Points Out Need of England and France for Medical Officers and Ambulance Attendants—Outlines Plan to Be Followed.

Chicago, May 10.—England and France are in immediate need of two thousand medical officers and five thousand ambulance attendants.

This statement was made May 7 by Dr. Franklin Martin, head of the medical division of the council of national defense, in an appeal addressed "to the doctors of America."

The appeal follows: "With our country entering the war, the responsibility for which we as doctors have been preparing is now upon us. The Englishmen and Frenchmen now our allies have come to confess with us their problems. Their need for medical officers is acute. Their civil population is left without adequate medical protection and the ravages of war in the fighting line have been unusually severe in the destruction of medical officers and ambulance attendants. Two thousand medical officers for France and England and five thousand ambulance attendants are immediately available would scarcely fill their requirements.

"We have listened to their appeal and the council is seeking to help them as promptly as possible. The secretary of war, the chief of staff and the surgeon general have authorized and are now executing the following plan:

"(a) Surgeon General Gorgas is mobilizing and equipping in groups of two hundred doctors who are now members of the medical officers' reserve corps to support the depleted medical forces of England and France. These groups of two hundred will sail every month, the first leaving within the next three weeks.

"(b) Six Red Cross base hospital units with twenty-four doctors, fifty nurses, and a supporting personnel, aggregating 196 each, have been ordered by the war department to France for immediate service.

"(c) One hundred and ten hospital units with approximately three thousand automobile ambulances and 5,000 men asked for by France, will be dispatched within the next three weeks.

"These are modest requests. The medical profession is prepared to meet the call and trouble or quadruple it if need be. Every doctor under fifty years of age who has not responded to the call to enroll in the Medical Officers' Reserve Corps should do so at once. Every doctor who is already a member of the medical officers' reserve corps or an applicant should place himself at the disposal of the government thru the surgeon general's office for service with our allies, the English and the French. This will enable the surgeon general who has discretionary powers in the distribution of members of the medical officers' reserve corps for service to utilize the younger men for service on active duty at the front and assign the older men now engaged in teaching medical students and in the care of civilian population at home, to pursue the work for which they are best fitted and maintain a normal supply of medical graduates.

"The medical profession has been fighting our cause. Let us respond generously and fill their cup of demand to overflowing.

GOOD SHOW AT THE GRAND.

Manager Johnson offered one of the best bills in the history of the Grand Thursday afternoon. Seldom have three such high class acts been seen than those presented.

Max and Louise open the bill with a black face turn that goes with a slam and bang. Lewis and Scott have a wonderful musical act. In fact it is about the best that has been heard here and is dressed well. The show closes with Miss Gladys Langer and company in Statuary posing with horse and dogs. This act is certainly a novelty and alone is worth the price of admission. The horse and dogs used are splendidly trained. All of the acts were well received Thursday afternoon and night. There will be afternoon and night performances today and Saturday.

DOCKET FOR FIRST WEEK IN CIRCUIT COURT SET

Judge Norman Jones Now in City to
Hear Argument in Suit Involving
Property Rights in Browning Es-
tate

The docket for the first week of the May term was set at a session of the circuit court held Thursday morning by Judge Norman L. Jones of Carrollton. The case of William R. Groves as administrator of the estate of Mary McSherry vs. the Wabash railroad, continued from the November term, was set for hearing during the second week of court beginning Monday, May 21. This case will probably be heard by Judge E. S. Smith of Springfield, who it is understood will exchange with Judge Jones for the week. The case of Mrs. Sallie Browning Orear vs. The Farmers' State Bank & Trust company was taken up by the court Thursday, the oral arguments of attorneys being heard, the hearing in this case, which involves ownership of property belonging to the estate of the late D. Rees Browning, was held before Judge James A. Creighton at the November term of court. At that time long arguments were made by the attorneys and the whole matter covered in a thorough manner. However, Judge Creighton's death occurred before he had rendered a decision in the case. Judge Jones has read a brief of the case and the oral argument will probably be concluded today. A decision is expected in the course of the next two weeks. W. T. Wilson and Worthington, Reece & Green are attorneys for the bank and Bellatti, Bellatti & Moriarty for Mrs. Orear.

The following is the trial docket as set for the first week of the term:

Monday, May 14

W. W. Campbell vs. C. Ed. Campbell, assumpsit.

J. J. Sims vs. estate of Joseph A. Campbell, deceased, appeal from county court.

Tuesday, May 15

Lawton Moore by next friend Henry Moore vs. M. S. Zachary, trespass.

Mabel Wright vs. Oyer Wright, divorce.

Wednesday, May 16

Iver Mueller by next friend vs. Wabash Railroad company, trespass.

Everything is in readiness for the
third annual interscholastic meet to
be held on Illinois field this after-
noon. Thirty schools are entered in
the various events with twenty
schools having contestants in the de-
clamation contest. The preliminar-
ies in the declamation will be held
in Jones Building beginning at 9
o'clock this morning. The finals will
be held this evening at 8 o'clock.

Unless it clears up this morning
and the sun shines until time for
calling the first events the track will
be heavy. This means that few re-
cords will go by the board. Last year
records were broken in many events
and if weather conditions were fa-
vorable it is probable that some
would fall today.

On a heavy field it looks to be a
tight between Springfield, Beard-
stown and Peoria for first honors.
These teams all have veteran men
and have shown class this year.

Springfield on account of winning
the meet last year and having prac-
tically the same team this year, all
veterans, are figured by the wise
ones as having the edge.

However, Beardstown has a won-
derful point winner in Wright and
while we have never seen Peoria Cen-
tral perform they must have a
strong team to carry away the Brad-
ley meet.

It looks like it will be a great bat-
tle this afternoon between Dunne
and Wright in the sprints. Both are
big, strong men and their strength
gives them a big advantage on a
heavy track. Both will have an ad-
vantage over Reynolds of Jackson-
ville who is a small man and has no
liking for the heavy going.

If the track is fast the finals in the
220, should be a race worth going
to see. However, some of the other
schools may uncover some fast
sprinters or these men might all
draw the same heat in the dashes
which would mean elimination for
one of them.

Hull of Jacksonville looks to be
the best bet Jacksonville has at this
time. Unless he tries to switch the
440 dash in between the trials and
finals in the 220 hurdles he should
cope with the hurdle events unless
something better shows than ap-
peared in the Western Illinois meet.

It is said that Wright is going to
run the 220 hurdles this time. How-
ever, Wright will have plenty of work
out for him in the dashes.

With a good jumping pit Reynolds
should win the running broad jump
and possibly set a new record for the
interscholastic. But it looks as tho
the jumping pit will not be good.

From this distance it looks like
anybody's meet, with Springfield, Pe-
oria Central and Beardstown as the
best bets. Some of the small teams
may spring surprises, however, and
slip in. Palmyra still has Crabtree
who holds the shot put record and he
looks good for that event again this
year. It would be safe to predict
that if the athletes run true to form
that the winning team will finish
with less than thirty points.

CHICAGO WINS GAME ON BROOKLYN'S ERRORS

CUBS GAIN LEAD IN FIRST IN- NING

Sensational Fielding Saves Vaughn,
A One-Handed Run by Deal With
The Bases Full Cutting Off Two
Runs in the Seventh—Mann Steps
Two Extra Base Hits

Brooklyn, May 10.—Brooklyn
bunched three errors in the first
inning today and Chicago gained a
lead that the locals could not over-
come, the visitors making it two
straight by 3 to 1.

Vaughn was saved by sensational
fielding, a great one-handed catch
by Deal with the bases full, cutting
off two runs in the seventh, while
Mann robbed Daubert of two extra
base hits by brilliant catches.

The "Millionaire Regiment" and Fatimas

Last summer while New York
City's famous 7th Regiment (some-
times called the "Millionaire Regi-
ment") was encamped on the
border at McAllen, Texas, a record
was kept of all cigarettes sold.

Fatima's sales averaged 42,680
per month; the next most popular
cigarette averaged 17,600.

This big preference for Fatimas
is simply one of the many indica-
tions that more and more men,

every day, are finding that Fatima's
delicately balanced Turkish blend
is not only more pleasing in taste,
but is far more comfortable too.

More comfort while you're smok-
ing and also afterwards. For, even
though you may smoke more than
usual, Fatimas never remind you
of it. They're a sensible smoke.

Here's Jacksonville testimony.

Verify it if you wish:
Mrs. J. H. Allen, 305 E. Washington

St., Jacksonville, says: "I had attacks of dizziness and it seemed as if spots appeared before my eyes and I could hardly walk straight. Rheumatic pains in my knees always gave me warning of approaching attacks. My kidneys were very frequent in action and at one time my bladder was badly inflamed. A doctor told me that I had kidney weakness, and, having heard so much about Doan's Kidney Pills, I decided to give them a trial. I used three boxes and they cured me."

MOTHERHOOD WOMAN'S JOY

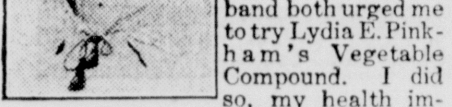

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALLIE B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

BACKACHE, LUMBAGO AND RHEUMATIC TROUBLES.

Dear Mr. Editor—I wish to state that I suffered greatly from backache, lumbago and rheumatic troubles. I used "Anuric," the latest discovery of Doctor Pierce for backache and kidney troubles, and I can cheerfully recommend the "Anuric Tablets" to anyone suffering from any of these maladies.

Yours truly,
J. F. GARDNER

NOTE: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anuric," has been discovered by Dr. Pierce, and is the cause of a drainage outwards of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, renal calculus. "Anuric" prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues.

Dr. Pierce, who is director and chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "Anuric" with the principal druggists in town where people could get this ready-to-use medicine. "Anuric" is not harmful or poisonous, but aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithia. Send 30 cents for large trial package.

"Anuric" is building up a reputation as good as Dr. Pierce's other well-known medicines which have been proved reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the ills of women, Doctor Pierce's Pleasant Pellets, the Liver Regulator, and Doctor Pierce's Golden Medical Discovery for red blood.

A BIRTHDAY DINNER RECALLED

J. P. Coons of the west part of Sangamon county was in the city on business yesterday and in conversation with the writer brought a pleasant reminiscence which took place in honor of Uncle George Coons' 90th birthday which was celebrated at the home of the city.

A large gathering assembled at his home not far from New Berlin and a royal time was enjoyed. The venerable father was delighted with the honor shown him and was among the liveliest of those present.

A large table was set under the trees and it was loaded with good things which were fully enjoyed by the large number of guests and all present entered fully into the spirit of the occasion.

Mr. Coons related one humorous incident which made a great deal of sport. He had a lot of watermelons and they were not cut till the dinner had been finished. David Wood of Pisgah didn't want to wait for the melon eating and asked Mr. Coons to let him take one along home with him and the request was granted. Mr. Coons procured a large piece of heavy paper and wrapped the melon in it and placed it in Mr. Wood's buggy but before the latter left some mischievous boys took an old jug without a handle and substituted it for the melon.

Mr. Wood found company awaiting him on his return home and in his usual quiet tone of voice announced a delicious treat and proceeded to get the melon from the buggy and when he discovered the trick his feelings can better be imagined than described. He never fully forgave Mr. Coons for the latter was wholly innocent of any participation in the trick.

Mr. Coons had a photograph taken of the group at the table and that with some souvenirs of the occasion he says he wouldn't sell for hundreds of dollars.

CELEBRATE MEMORIAL DAY.

Raleigh, N. C., May 10.—Today was observed as Confederate Memorial Day throughout North and South Carolina. It was a legal holiday in the two states, and banks and public offices were closed. Parades and public meetings and other exercises, including the decoration of the graves of Confederate veterans, were held in all the principal cities and towns.

ASSERTS INCREASE IS 100 PER CENT

Local Woman Feels Better Every Way, Since Taking Tanlac

GAINED SPEEDY RELIEF

"I Began to Improve With the First Few Doses," Mrs. O'Neill Declares.

"I seemed to begin to improve almost after the first dose of Tanlac and now I really feel 100 per cent better in every way," Mrs. Louis C. O'Neill, well known Jacksonville woman of 236 West Chambers street, told the Tanlac Man on May 2.

"I was actually so nervous that I'd become irritated and 'out of fix' with myself," Mrs. O'Neill continued. "For the past eight years my system generally had been run down. I couldn't sleep at night and felt tired about the new medicine. I simply didn't seem to have any energy or strength at all."

"My mother told me so many people were being benefited by Tanlac and so I decided to try the new medicine. I'm gaining in strength now and my system seems to have been benefited in every respect. I sleep fine at night and my rest seems to do me more good as I don't feel tired and worn out through the day any more. My nerves are in much better shape. I never have the irritable spells any more. Tanlac is certainly the best medicine I've taken and I gladly recommend it to all my friends."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like.

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback; in Versailles at A. G. Bates; and in Chapin at F. P. McKinney's.

MOVING PICTURES SHOW NEW DENTAL METHOD

State Dental Society Members at Quincy See Illustrations of Work Now Being Done in European Armies—Services of Members of the Organization Offered to Military Authorities of State.

Quincy, Ill., May 10.—Delegates to the fifty-third annual meeting of the Illinois State Dental society saw motion pictures showing how dental surgeons in European armies are reconstructing men's mouths by new methods. The general sessions are being held in the First Baptist church and a large number of clinics have been arranged at the arsenal today and tomorrow. Tomorrow surgical clinics will be held.

Addresses were made by Dr. Thomas L. Glimmer, of Chicago, Dr. F. S. O'Hara of Springfield, Dr. Fred W. Gethrie, of Chicago, Dr. A. B. Culhane of Rockford, and by Dr. Fred B. Noves, Dr. C. W. Coltrin and Dr. John L. Kirby, of Chicago.

Quincy, Ill., May 10.—Dr. Henry L. Whipple, president of the Illinois State Dental society has offered the services of the members of the organization to the military authorities of Illinois. The members, he states, will be glad to do dental work free for men who wish to enlist but are disqualified on account of defective teeth.

The offer applies only to men who have not yet enlisted and who are unable to pay for the work.

Prospective soldiers who apply for work on their teeth, will be required to present an order signed by a properly constituted officer of the military.

Mr. and Mrs. Edward Leach and daughter came up to the city yesterday from Scott county in their Mitchell car.

GIRLS! MAKE LEMON LOTION TO WHITEN AND BEAUTIFY SKIN

In all weathers the skin and complexion can be kept wonderfully clear, soft and white by the use of this inexpensive lemon lotion which any girl or woman can easily prepare.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most perfect, malleable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothening and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion. It naturally should help to soften, freshen, bleach and bring out the roses and hidden beauty of any skin. Those who will make it a habit to gently massage this lotion into the face, neck, arms and hands once or twice daily may be repaid with a skin that is flexible and young looking and a peach-like complexion.—Adv.

FARM PROPERTY

I sold that choice eighty and you are out again. Listed today—120 acres 5 miles from a shipping point on the C. and A., convenient to school and church. Timber soil, eighty acres of level farming land, balance in blue grass with some timber. There are twenty acres of wheat, 5 acres of oats, both sowed to grass, 35 acres for corn, 10 acres of which is clover sod.

There is a six room house, a small new barn, with other buildings. There is a very noted spring of ever lasting water in the pasture. For a special reason this farm can be bought just as it is with immediate possession for \$90 an acre. If you want a home at once see me today.

CITY PROPERTY

(a) A new six room house, entirely modern, concrete basement, with laundry 14x32 feet, 275 barrel cistern, chicken house, garden and fruit. One of the most complete and prettiest homes of the city. We are going to sell this one like we did the seven room bungalow last week—just going to sell it. If you have any symptoms let us show you right quick.

(b) Another six room cottage with pantry, good barn, chicken house and lots of fruit. This is another hurry-up, real bargain, quick possession sale. If it sounds good say so. You can't get these bargains unless you do it quick.

(c) Don't overlook this one. We are dead anxious to sell an eight room house, four blocks from the square in the third ward, paved street, east front, location ideal. A real \$5000 property to be had for \$4000. Easy terms. Let us prove it.

(d) I have two other six room cottages, modern, in third ward paved street, one on the car line and very desirable homes for \$2250 ea. We are making a desperate effort to list properties most in demand at these are they.

WHEAT AGAIN REACHES

NEW HIGH PRICE LEVEL

Lifting of Export Bids to Highest
Premiums Yet Has Much to do
With Fresh Strength—Close is
Firm at 1 1/4 to 1 1/2 Cents Up

Chicago, May 10.—For the fourth day
in succession the wheat market today
reached a new high price level. The lat-
est advance was in making the total of
the four day bulge above previous high
records just a bushel. Lifting of
export bids to the highest premiums yet
and much to do with the fresh strength
of the market. Closing quotations were
from 1 1/4 to 1 1/2 up, with May at \$1.5
and July at \$1.45 to \$1.40. Corn finished
the same yesterday, to be higher, and
oats gained to be and provisions rose
3 to 6 cents.

Continuation of advances in the price
of wheat today was preceded temporarily
by sharp breaks that were due largely
to vague rumors of impending peace
developments.

Bondes gossip was current that the
weather was warming up throughout the
central and west, and that spring crop
sowing was being completed under favor-
able circumstances. Suddenly, however,
a rapid upward movement of values set
in during the rest of the day. The
bulge had virtually complete control of
the but with the attention of the trade
centered mainly on the tightening of ex-
port demand.

Throughout the day the volume of busi-
ness was restricted by the fact
that commission houses were required
almost prohibitively margins, 50c a bushel
or more from all customers.

Higher quotations on hogs carried over
provisions up-grade.

ILLINOIS FARMERS' INSTITUTE URGES COOPERATION

The Farmers' Responsibility and Patriotic Duty in the Great Harvest Emergency.

Upon the farmers rests in a large measure the responsibility of winning the great war which is now upon us, as a nation. The crying need of the Allies is "food" and it must go to them, if it goes at all, from America. The history of coming ages will be indelibly stamped by our performance this year.

The American farmers have, for a number of years shown their ability to produce more food per person and at a lower cost than any other farmer in the world, but they have never had to demonstrate the fact. It is time for it to be done now.

Coughs Worse at Night

The simplest and quickest way to get rid of a wearing, racking night cough, tickling throat, hoarse, wheezy breathing is to take

Foley's Honey and Tar.

In it, you get the curative influence of the pine tar and other healing ingredients, together with the mollifying and laxative action of honey.

Editor C. T. Miller, Canton, Ind. (Cantonian): "I was troubled with bronchial affection and coughed constantly day and night. I took Foley's Honey and Tar and it relieved. It is great for bronchial coughs and colds. La grippe and bronchial coughs, croup, hoarseness, tickling throat, are all quickly relieved."

J. A. Obermeyer

"Kie-Yie-Yie! Get Me 'Gets-It' Quick!"

2 Drops Make Corn "Fall" Off!

"I've joined the Never-Again Club. Never again will I use anything for corns but 'Gets-It'! Put 2 drops of 'Gets-It' on, and from that second the corn begins to shrivel."

"Oh, Don't Touch It! It's So Sore!"
"Use 'Gets-It' and It Will Never Be Sore!"

Instead of swelling up like a little white sponge, then it loosens from your toe—and, glory hallelujah! the corn comes off as though you'd take a glove off your hand!

Yes, "Gets-It" is the corn discovery of the age. More "Gets-It" is sold by many times than any other corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of millions and use "Gets-It."

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's drug store, Coover & Shreve and J. A. Obermeyer.

ment flat and the backyard of the city dweller cannot go far toward solving the food problem which is now a large question. The farmer and the farms are the principal factors. If each farmer would plow up his loafing acres and cultivate closer to fence rows, cultivate the soil well take due and timely care of the crops in the harvest time, he can contribute more to the food supply of our cause than all of the dwellers of a city ward.

If, then the city people do their bit, how much more is expected of the farmer, whose opportunities are vastly greater.

Every extra bushel of corn raised, every pound of beef, pork and poultry produced, is a material contribution to the Nation's cause.

This is no time for experiments. Let all crops be the staple crops of the locality. It is the part of wisdom to avoid all unnecessary expense this season or during the war.

The boys and girls should have a part in this great food production and conservation movement and be made to feel that its importance is just as great as any line of military service that one can render to his country. The boys and girls can assist with the garden movement, the calf, pig, poultry, corn, potato and tomato club work, thus having an important part in the production of food supplies.

What the Women Can Do.

Throughout the state there is a crying demand for information on how to conserve the foodstuffs when grown, and to meet these demands a campaign has been launched for educating homemakers in the selection and care of food, conservation of vegetables and the elimination of all waste thru proper knowledge of the word conservation.

Poultry will meet an immediate demand for the meat supply and women can raise more poultry. Vegetables, not only for summer use but the ones for winter storing, must be given careful attention. We must look ahead for the next year and not merely for the immediate needs. Potatoes, cabbage, turnips, parsnips, carrots, beans, beets, rutabagas, onions, salsify and celery are a few of the vegetables for winter storing.

The Farmers' Institute urges the co-operation of every man, woman and child to the fullest extent in considering every demand in this time of emergency.

PYTHIAN HALL DEDICATED.

John J. Reeve, grand chancellor of the Knights of Pythias, was in Camp Point Wednesday to assist in the dedication of a new \$20,000 Pythian hall there. The building, which was erected by the Pythians and Masons of Camp Point, is one of the finest in that section of the state. Visitors from Quincy and other nearby cities and towns were present at the dedication, which occupied both afternoon and evening of the day indicated. Grand Keeper of Records and State Henry P. Colwell of Chicago, was present to assist Mr. Reeve in the dedicatory service. The Masons have planned their service for some time in June.

PLANNING FOR CELEBRATION OF MOTHERS' DAY

CHAPIN GRADUATES WERE ENTERTAINED

Met for Pleasant Evening at Home of Miss Alderson—Woman's Club Meeting.

Chapin, Ill., May 19.—Misses Johanna and Gertrude Onken gave a Dinner Party Monday evening to a few of their friends from the Woman's college. Those present were Ruth Merritt, Louise Shoop, Ruth Webster, Avonne Jamison, Lula Prettyman, Irene Irwin, Esther Davis, Mabel Pawling, Zoe McNeil.

The Sophomores and Juniors entertained the Seniors, Tuesday evening, at the home of Mrs. Mary Alderson. The class colors, gold and purple, were used to decorate. Light refreshments were served and a good time enjoyed by all. The graduates are Mary Fouts, Chalmers Baylis, Edna Brockhouse, Frank Anderson, Werner Onken, Blanche Johnson, Bernard Allen.

Mrs. Lloyd Ross of Jacksonville spent several days this week with her mother, Mrs. Ada Fank.

Quite a few from here went to Griggsville today to attend the Athletic and Declamatory meet.

Miss Benah Young of Pekin is the guest of her aunt, Mrs. J. F. Barnham.

Mrs. Lamar Hallowell and son, Lamar, Jr., of Des Moines, Iowa, are the guests of Mrs. B. J. Taylor.

The Chapin Woman's club met with Mrs. L. Hadaway, Tuesday afternoon. There were 15 members present and one guest, Mrs. Dr. Briggs. The roll call was answered by "Notable Bridges." Miss Amy Onken prepared a paper on "Outdoor Sports," and on account of her absence, Miss Margaret Egan read the paper. Mrs. Dr. Briggs gave several selections on the piano. A two course luncheon was served.

Mrs. Floyd Butterfield and daughter, Eleanor, were the guests of Miss Esther Antrobus Thursday.

Mrs. W. W. Anderson and Mrs. J. E. Barnham left Wednesday evening for Havana, where they are delegates to attend the confederation of clubs.

Miss Josephine Taylor has returned from a several weeks' visit in Des Moines, Iowa.

Cooper and Wilcox Bros. spring and summer underwear at the old price, \$1.00 to \$2.00. T. M. Tomlinson.

GAS RANGE WEEK

ATTRACTS ATTENTION.

A special effort to interest the public in the use of gas ranges is being made this week by all dealers, and Mr. Bradish of the gas sales department of the Jacksonville Railway & Light company said Thursday that during this week the company is making a special demonstration of these saves to Jacksonville women. "Thru a large purchase made some weeks ago, the company is able to sell even the latest models at the old figures, the price of gas stoves having advanced recently along with that of many other articles.

There is abundant argument in favor of the gas range simply as a matter of economy. Coal and other fuels are now very high with expectation of still greater prices. The price of gas on the contrary, is lower now than ever before. One great advantage in the gas stove is the fact that it is instantly ready for use. A housewife with a gas range in her kitchen is ever ready to meet the unexpected guests, and in this day and age the gas stove means kitchen preparedness.

H. E. Ogle of the vicinity of Grace Chapel was a city caller yesterday. He says bad weather has greatly retarded his work and he has fifty acres yet to plow but with two gang plows he turns over ten acres a day.

—MANCHESTER—

Mrs. S. A. Wilson and Mrs. Laura Blackburn were passengers to Jacksonville Wednesday.

F. F. Clark and Mrs. L. C. Funk went to St. Louis Wednesday where they spent the day with Lester Clark at Jefferson Barracks.

Mrs. G. D. Barnes returned home Monday after a visit of several weeks with her daughter, Mrs. George Davis of Slater, Mo. Mrs. Davis accompanied her mother home for a visit with relatives here and in Tallula.

Lucile Knox of White Hall is visiting friends here.

The Domestic Science club held its last meeting of this year at the home of Mrs. Robert Vantyle Wednesday afternoon.

Mrs. Howard McCracken and little daughter, Bess, have returned from a visit with relatives in East St. Louis.

Mrs. Hannah Chapman and Mrs. Bertha Himey visited Robert Chapman at the Passavant hospital in Jacksonville Wednesday.

Mrs. Fannie Greenwalt and daughter, Winnie, were Jacksonville visitors Thursday.

The sacral service will be held at the M. E. church Sunday evening. Rev. Dixon, the Baptist minister, will deliver the address. Special music is being prepared. The graduates this year are: Martha Wilson, Ada Matthews, Hildred Howard and Russell Duncan.

LYNNVILLE.

Mr. and Mrs. C. W. Davis, of Jacksonville, and Mr. and Mrs. Tom Davis spent Sunday with Mr. Stephenson of the Point neighborhood.

Mr. and Mrs. Albert Hills were Jacksonville visitors Tuesday.

Mrs. George Blackburn spent Saturday with friends in Winchester. The Mothers' Day service will be observed at both churches Sunday. James Lazenby has returned to Jacksonville after several days visit with his sister, Mrs. C. W. Burdick of Winchester.

Mrs. German and daughter Lillie were Jacksonville visitors Wednesday.

Miss Sallie McKinney has been employed to teach the primary room for the next term of school.

WEAK AND TIRED WOMAN

Tells How Vinol Made Her Strong.

Jacksonville women who are weak, run-down and suffer from the consequent effects of such a condition, will be interested in Mrs. Odell's letter. She says:

"I am a farmer's wife and was all run-down, weak, tired, and suffered from indigestion, and sometimes it seemed as though I could not keep around and do my housework. I had taken many medicines without benefit. One day I saw Vinol advertised, and made up my mind to try it. I have taken four bottles and have gained seven pounds in weight, am much stronger, and feel many years younger than before." Sarah Odell, Lockport, N. Y.

The reason Vinol builds up weak, run-down women so quickly is because it contains a delicious combination of most successful tonics, beef and cod liver peptones, iron and manganese peptones and glycerophosphates, in a mild tonic wine.

We want to say to every weak, run-down, overworked woman in Jacksonville that we will return your money if Vinol fails to help you as it did Mrs. Odell.

Grasse, France, is the World's Garden of Flowers. In normal times hundreds of visitors drive daily from the Riviera towns to this little Mediterranean city close to the perfume industry of the world.

Paris Perfumers come to Grasse for their raw materials, because it is here the flowers are grown from which the essential oils are distilled.

Perin, the master perfumer, also procures his raw materials from Grasse to make Orys Perfume, and other Perin Preparations the French way; but being made in America, the enormous duty charged on luxuries is eliminated.

Hence, with exactly the same raw material from exactly the same source, and exactly the same skilled labor, Perin Preparations are the same as French Preparations.

The ingredients in Perin Preparations are the best and purest the world affords. The formulas have been called from the recipes of the renowned beauties of Europe, as compounded by famous chemists, and the packages are beautiful and unique.

Leading department stores from coast to coast feature Perin Preparations because of their popularity and merit.

Therefore you may satisfy your expression of good taste—for Perin Preparations are now sold exclusively in this city by us.
